

Summer Serve

Saturday, September 24, 2011 **Beans & Rice Meals**

First Church members and friends prepared 40,008 meals for Haiti and the Stop Hunger Now program. These photographs chronicle some of the herculean effort the congregation put forth as part of the Summer Serve mission work.

From paper bags with the raw materials to plastic bags with the meals, young and old alike joined in the effort.

Tom Grubb used a ladle and a pot to mark the packaging of every 1,000 meal. The final steps, left and above, was counting out how many bags to put in each box and then taking the boxes out of the building to a waiting truck.
